

In the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Amendments to the Claims:

Claims 1-6 (Cancelled)

7. (Previously Presented) An aqueous dye receiving coating composition comprising a blend of:
- (a) a first solvent free aqueous dispersion of aliphatic polyetherpolyurethane resin; and
 - (b) a second solvent free aqueous dispersion of aliphatic polyester-polyurethane resin, wherein the weight ratio of resin (a) to resin (b) is in the range of 1:1 to 3:1, based on the resin solids of (a) and (b).
8. (Original) The dye receiving coating composition of claim 7 further comprising a multifunctional crosslinking agent.
9. (Original) The dye receiving coating composition of claim 8 where the multifunctional crosslinking agent comprises a polyfunctional aziridine.
10. (Previously Presented) The dye receiving coating composition of claim 7 wherein the coating composition is free of organic solvent.
11. (Cancelled)

12. (Previously Presented) The dye receiving coating composition of claim 7 wherein the aliphatic polyether-polyurethane resin (a) comprises the reaction product of an aliphatic polyisocyanate component and a polyether polyol component.

13. (Previously Presented) The dye receiving coating composition of claim 7 wherein the aliphatic polyester-polyurethane resin (b) comprises the reaction product of an aliphatic polyisocyanate component and a polyester polyol component.

Claims 14 - 20 (Cancelled)
